The Academic Advising Center is committed to providing all students developmental academic advising grounded in teaching and based on valuing a liberal arts education. Through this process, students develop the skills and self knowledge to be adaptable and reflective life-long learners. This results in the ability to set personal goals and to make intelligent educational, career, and life choices to achieve those goals.

**Undeclared majors:** Most of the center’s work is focused on students who have not decided on an academic major. In addition to a staff of professional advisers, there are resources to assist with academic and career decision-making, including web-based assessments and other programs that can help students explore their interests, values, skills, potential majors and occupations. Staff members meet individually and in group advising sessions to assist students with their majors and career choices, course registration, Advisement Reports, general education requirements and academic policies and procedures.

**Declared majors:** The Academic Advising Center staff supports the advising that is carried out by faculty and academic staff in the colleges, departments, and other academic units. While students who have declared their major/minor should meet every semester with their designated faculty adviser, they are also welcome to utilize the services of the Academic Advising Center.

**The ACCESS Center**

165 Murphy Library Resource Center
608.785.6900
www.uwlax.edu/access-center

The ACCESS Center provides services to students attending The University of Wisconsin-La Crosse who have a documented disability.
The ACCESS Center staff will meet with students and, based on documentation, determine appropriate academic accommodations to help you accomplish your academic goals and give you the support you need through graduation.

If you have a physical, sensory, psychological, or learning disability that is challenging you, get the support and assistance you deserve to help make the most of your education and campus life activities.

**Campus Climate**

1120 Centennial Hall
608.785.5094
www.uwlax.edu/campus-climate

Formed in 2005 as a project of Plan 2008, the Research & Resource Center for Campus Climate envisions a campus environment where the individual and collective are committed to welcoming, including, and engaging the experiences and perspectives of all. Through fostering dialogue, respect, critical thinking, personal growth, and social action, we believe in the power of awareness, the strength of understanding, and the potential of bridging cultures across difference. To that end, our mission is to facilitate, sustain and advance an organizational culture and climate that supports principles of social justice, equity, inclusion and community.

A couple of our most recognized efforts include:

- **AWARENESS THROUGH PERFORMANCE** (https://www.uwlax.edu/campus-climate/awareness-through-performance) - AWARENESS THROUGH PERFORMANCE is a student group that works toward promoting greater consciousness around social justice, diversity, and climate issues on the UW-L campus and beyond. Using the stage as their forum, students creatively challenge systems of privilege and oppression and strive to plant seeds of social responsibility, inspire critical thought, and spark a campus-wide conversation.

- **HATE & BIAS RESPONSE** (https://www.uwlax.edu/campus-climate/hatebias-response) - The Hate Response Team (HRT) exists to combat the many forms of hate/bias and all manifestations of prejudice and intolerance through consistent assessment of the campus climate, proactive educational efforts for all, and comprehensive response and counsel to the individual and collective impacted by hate/bias. Through the online Hate/Bias Incident Report (https://www.uwlax.edu/campus-climate/hatebias-incident-report), the Hate Response Team seeks to collect information on any and all incidents of hate, bias, and discrimination motivated by a person's actual or perceived identity, which could include race, ethnic background, nationality, sex, sexual orientation, gender identity, gender expression, disability, or religious affiliation.

**Campus safety and parking**

**Police Services**

605 17th St. N.
608.789.9000
www.uwlax.edu/police

The University Police Department exists for the protection of people and property within and adjacent to the university community. The staff of certified (commissioned) police officers strives to provide a safe and secure campus environment. This is done through enforcement as well as engaging in activities with the Student Life Office and Residence Life Office to promote safety and responsible behavior. The officers are available 24 hours a day, seven days a week.

**Campus Parking**

605 17th St. N.
608.785.8061
www.uwlax.edu/parking/

This unit is located in the Police Services Office. Parking space is very limited. Lots designated as commuter parking for students and staff are controlled by permits sold on a first-come, first-served basis. Residence hall parking permits for students living on campus are sold on a priority basis, depending on students’ year in school. Daily and hourly parking is available in the commuter lots.

**Career Services**

1140 Centennial Hall
608.785.8514
www.uwlax.edu/career-services

The Career Services Office assists students in finding meaningful careers. The following services are available to assist in this process:

- **Career Advising:** Students can meet individually with a career advisor to discuss career exploration, job and internship search strategies, resume and cover letter writing, interviewing skills, and graduate school application process.

- **Career Events:** Each year, Career Services coordinates several major career events that allow students to meet employers on an informal basis to discuss career options, internship positions, and employment opportunities.

- **Online Services:** From the Career Services’ home page, students can view and apply for regularly updated internships and jobs, sign up for on-campus interviews and upload resumes for employers to view online. The home page also provides a complete schedule of Career Services sponsored career fairs, events and workshops, extensive “how to” information for resume writing, cover letter writing and interviewing, links to the top job web sites and major employer home pages, graduate and professional school information, links to career guidance information, and an annually updated report on employment information of recent UWL graduates.

- **On-Campus Interviewing:** Employers from business, industry, government, and education visit the campus to interview students for employment opportunities.

- **Internship Program:** Internships help students integrate the classroom with practical experience through work related to their academic and occupational goals. These experiences, for which a student can receive credit, include working for regional, national, and international businesses, government agencies, and community organizations.

To gain academic credit for an internship, students must meet grade point average and course prerequisites. Students must be at their internship site during the academic term for which they are registered for academic credit. Thirty credits may be taken and recorded on the academic record; however no more than 15 credits are applicable to a degree. Students should contact the Career Services Office to learn more.

Departmental internships are also offered. See Cooperative Education and Internships (http://catalog.uwlax.edu/undergraduate/cooperativeeducationandinternships) for a list of the departments.
**Child Center**
Eagle Rec Center
608.785.8813
www.uwlax.edu/campus-child-center

The Campus Child Center was established in 1985 to provide care for the children of University of Wisconsin-La Crosse students, staff, and faculty. The Center has built and maintained a reputation for providing quality care to the families they serve. For more information, visit the Campus Child Center (http://www.uwlax.edu/campus-child-center).

**Cooperative Program with Viterbo University**

The University of Wisconsin-La Crosse and Viterbo University, also located in La Crosse, have an agreement for inter-institutional cooperation. The program is designed to enhance the educational opportunities for students of both institutions and to optimize the use of personnel, financial, and physical resources. Authorized students from each institution will be allowed to enroll in selected courses at the other institution.

Specific conditions:

1. Enrollment of any student in any course will be contingent upon the written permission of both institutions.
2. Students must be enrolled as full-time students at their home institution to be eligible for participation in the program.
3. Priority will be given to students from the home institution in courses where enrollments are limited.
4. Students will be allowed to carry a maximum of six credits at the sister institution.
5. Payment of general tuition and fees will be made at the institution at which the student is enrolled full-time.
6. Any special course fees, i.e. for laboratories, physical education, etc., will be paid at the institution at which the course is taken.
7. Only under special circumstances will students be allowed to enroll in courses at the sister institution that are available at the home institution. This will be determined on a case-by-case basis.
8. Summer and winter terms are excluded from the agreement.

If you are interested in participating in the program, contact the Cooperative Program Advisory Coordinator in the College of Science and Health, 105 Graff Main Hall.

**Counseling & Testing Center**

2106 Centennial Hall
608.785.8073
www.uwlax.edu/counseling

The Counseling and Testing Center (CTC) offers a wide range of mental health and testing services designed to help college students adjust to the university environment and cope with emotional and psychological difficulties, as well as academic and social pressures. The CTC is also home to the CTC Relaxation Room: a quiet, calm, low-light space, equipped with reclining chairs and massage pads. Great for a timeout, a break, or even a quick nap.

Individual counseling provides an opportunity to talk with a professional counselor about any topic or personal concern. Groups and workshops help students learn new interpersonal skills, improve study skills, or discuss personal concerns in a safe and supportive atmosphere. The CTC staff works closely with the physicians, nurse practitioners, and the psychiatric provider at the Student Health Center to coordinate any medical care that might be needed. Information shared in counseling sessions is confidential in accordance with Wisconsin Statutes.

Our professional staff consists of licensed psychologists, licensed professional counselors, and supervised professionals-in-training. Staff members have considerable experience in working with college students and use various short-term methods of individual and group counseling to help students achieve their goals. The CTC is a training site for graduate level practicum and intern students, as well as post-doctoral psychology residents who work under the supervision of licensed professional psychologists and counselors. We strive to empower students to recognize and improve their own capacity for wellness and healing. Our staff believes that good mental and emotional health are imperative to both academic and interpersonal success. Most counseling center services are funded by student segregated fees and are available to all currently enrolled students.

Several national & regional testing programs are administered for UWL students and community members in a paper/pencil format. Available exams include the ACT, LSAT, SAT, University of Wisconsin Placement Tests and Wisconsin Department of Agriculture Pesticide Applicators exams. The Counseling and Testing Center also serves as a computer-based testing center for Castle World Wide, CLEP, Comira, DSST, Kryterion, Miller Analog, Performance Assessment Network, Pearson/VUE and ProV. The GRE, Praxis, TOEFL, and ASE exams are available through agreement with Education Testing Service/Prometric. As a member of the National College Testing Association’s Consortium of College Test Centers, the Testing Center also provides proctoring for UWL students and community members for those who are taking correspondence, online or distance courses, in addition to those individuals needing professional certification for employment. For more information on proctoring services, see the National College Testing Association (http://www.ncta-testing.org/cctc).

**First Year Experience**

149 Graff Main Hall
608.785.8055
www.uwlax.edu/first-year-experience

Student Life - First Year Experience coordinates programs such as START, New Student Orientation, and Family Weekend. It exists as a resource to assist in the transition of new students and their families by building partnerships through communication, programming, and resources. Please call, email, or drop-by to ask a question or to chat about your experience as a new student at UWL.

**Information Technology Services (ITS)/Help Desk**

Information Technology Services
Wing Technology Center
www.uwlax.edu/its

Eagle Help Desk
103 Wing Technology Center
608.785.8774
helpdesk@uwlax.edu
www.uwlax.edu/its/Eagle-Help-Desk

ITS provides our campus community with the technology necessary to facilitate and enhance learning through these services: computer labs and classrooms, personal file storage, distance education, lecture capture, Eagle Help Desk, EagleApps (email) powered by Google, network, and personal file storage. Students can access their academic

www.uwlax.edu/its/Eagle-Help-Desk

w...
information, tuition, and fees and register for classes online using
WINGS. Many courses offer online resources through Desire2Learn
(D2L), the campus supported course management system. Many of
these resources are available on or off campus through a web browser.
Computing and network information resources are widely used to
support instruction, research, student services, and communication
and to create a community of shared inquiry. Principles of responsible
use, to which all users are bound, are included in the student (https://
www.uwlax.edu/its/knowledge-base/student-technology-guide)and
staff (https://www.uwlax.edu/its/knowledge-base/faculty-and-staff-
technology-guide) handbooks.

ITS open computing access labs (https://www.uwlax.edu/its/computer-
classrooms-labs-and-technology) are located in Murphy Library and
Cartwright Center. The labs have computers using Windows 7 and
Macintosh operating systems. A wide variety of application software
including Microsoft Office is available. Pay-for-print laser printing is
available in ITS computing rooms, and the Eagle Help Desk has more
information about printing on campus (https://www.uwlax.edu/its/
client-services-and-support/pay-for-print).

The Eagle Help Desk provides free technical assistance. Assistance is
available by phone, email, live chat, web, or on a walk-in basis. For self-
help and more support resources, please visit the Help Desk (https://

The campus network reaches all buildings, including residence halls.
Residence halls have individual network connections in each room; plus,
a computer lab in each hall is available to residents. Wireless network
connectivity is available in all academic buildings, residence halls, and
many public areas on campus, both inside and outside, for students with
mobile computers.

International Education & Engagement
1209 Centennial Hall
608.785.8016
www.uwlax.edu/international-education

International student & scholar services
International Education & Engagement (IEE) is dedicated to serving
the internationalization efforts at the University of Wisconsin-
La Crosse. International Student & Scholar Services (ISSS) serves
UWL’s international community by providing comprehensive services
to international students and scholars through immigration advising;
assisting departments to bring international researchers and scholars in
collaborative projects on campus; and by offering events and programs
on campus that bridge understanding and linkages between the
United States and international communities on campus and in the
community.

Our professional ISSS advisers and coordinators are professionally
trained to provide information about non-immigrant visa rules and
regulations for students and scholars holding F and J visas. Our
advisers and coordinators are also trained to provide counseling to
international students and scholars about academic, personal, and
cultural matters, as well as cross-cultural adjustment concerns. Our
dedicated staff administers comprehensive guidance to international
students, beginning with new student orientation through advising on
work opportunities upon graduation.

Education abroad programs
IEE is UWL’s comprehensive resource for education abroad opportunities
worldwide. IEE offers a full range of advising and support services to
students, including program selection, academic planning, financial
planning, registration, credit, cultural adjustment, travel planning, and
reentry.

Through our international university partnerships, faculty led study
abroad programs, and partnerships with study abroad program
providers, UWL students have an opportunity to find a program abroad
that matches their academic, financial and personal needs. UWL
encourages students to study in a foreign country to enrich their
university experience and enhance career opportunities. Education
abroad programs provide special opportunities for advanced study of
the humanities, social sciences, international business, the arts, and
more.

IEE has a resource room with information on UWL programs including
course catalogs, videos and host country information. International
Education Ambassadors (IEA) are also available during office hours to
share a student perspective on study abroad experiences in a variety of
countries and programs.

Education abroad program categories
1. Exchange programs allow students to enroll directly at a foreign
host university for a semester or year while allowing an international
student from the host university to enroll at UWL. Exchange
students enroll in university courses and participate as regular
students at the host university. Students on these programs pay UWL
resident tuition plus minimal additional fees – exchange programs
are a very affordable way to study abroad. UWL is also a member
of National Student Exchange, a member-based organization that
allows students to study away at another U.S. university. UWL
students pay UWL tuition while studying in another part of the
United States.

2. Direct-Enroll study abroad programs also allow students to enroll
directly in courses at a foreign university. Students participating in
a direct-enroll program pay host university tuition/fees and minimal
UWL administrative fees.

3. Provider programs are study abroad companies that offer
international programs for American students. Their sites may
be affiliated with a foreign university or designed as a study
center exclusively for American students. These programs offer
comprehensive on-site support for students.

4. Faculty-led programs are short-term credit-bearing programs
(summer, winter intersession, or spring break) led by UWL faculty
which allow students to focus on specific issues, themes, or world
regions. Destinations vary each academic year.

5. Service learning programs are non-credit bearing experiences that
offer students the opportunity to take part in a volunteer or service
learning project abroad.

6. International Undergraduate Research (https://www.uwlax.edu/urc)

More information about the many different programs available, please
visit www.uwlax.edu/international-education.

Education abroad program academic
requirements
Selection of the appropriate program for each student requires careful
consideration of the academic, personal, and financial factors that
determine a successful international experience. Group and individual
advising sessions with the IEE advisers assist students in choosing an
appropriate program. Applicants for education abroad programs are
expected to have a good record of academic achievements. UWL
requires a minimum grade point average (GPA) of 2.50 for most
programs and successful completion of one semester on campus.
However, some programs may require a higher GPA and class standing in order to be eligible.

Academic credit is for study abroad programs are subject to approval of transfer by specific departments. Credits from study abroad are calculated in a separate transfer GPA and are averaged with the overall (cumulative) GPA to create a “combined” GPA. Programs offering UWL resident credit, such as faculty led programs where courses are taught by UWL faculty, will be included in the overall (cumulative) GPA.

Students wishing to participate in non-UWL study abroad programs may do so pending review and approval by International Education & Engagement.

Education abroad program cost and financial aid

The university makes every effort to provide academically sound exchange and study abroad programs at reasonable costs. Exchange program fees may be based on tuition, room, and board at UWL with some additional administrative fees. Direct-enroll study abroad program fees are set by the sponsoring institution. Provider programs have a set program price that includes tuition and fees. Students may apply for financial aid to assist with the cost of the programs. Wisconsin residents may also be eligible for a need-based grant of up to $2,000. Veterans’ benefits may apply; however, students should check with the UWL Veteran Services Office to see which benefits are applicable. In addition to financial aid, International Education & Engagement has information on scholarship opportunities and grants that may be used to offset the cost of studying abroad.

La Crosse Exercise and Health Program (LEHP)

221 Mitchell Hall
608.785.8683
www.uwlax.edu/La-Crosse-Exercise-and-Health

The LEHP program, in conjunction with the La Crosse area medical profession, comprises two community service units, Adult Fitness and Cardiac Rehabilitation, as well as professional units in Research and Educational Services. Based on laboratory evaluations, individualized programs of diet and exercise are developed by UWL faculty and technicians in cooperation with area medical personnel. Graduate assistants and undergraduate fitness majors assist during exercise periods in the Mitchell Hall pool and field house or during individual testing sessions in the Human Performance Laboratory. The LEHP offers an opportunity for practical experience, particularly to students who major in exercise and sport science and health education. Both the graduate degree program in clinical exercise physiology and the undergraduate program in exercise and sport science-fitness emphasis enroll students who rely heavily on the LEHP units for their clinical work and supervision opportunities.

La Crosse Medical Health Science Consortium, Inc.

3065 Health Science Center
608.785.5150
www.lacrosseconsortium.org (http://www.lacrosseconsortium.org/content/c/home)

The La Crosse Medical Health Science Consortium (LMHSC) is an alliance of UWL, Viterbo University, Western Technical College, Mayo Clinic Health System-Franciscan Healthcare, Gundersen Health System, the La Crosse County Health Department, and the School District of La Crosse. The medical and higher education partners formed the Consortium in 1993 to provide a means for working collaboratively to provide better healthcare, strengthen the healthcare workforce, and encourage strong health science research initiatives. The Consortium continues to work toward these goals through collaborative projects in population health improvement, nursing, clinical placements, cultural competency, and workforce issues. Its mission is to foster collaboration for healthier communities.

The Consortium is located in, and operates, the $27.1 million Health Science Center (HSC), which opened in 2000. The HSC was built with the support of the five founding partners, the State of Wisconsin, and generous private donations. It houses classrooms and teaching laboratories, research labs, faculty offices, and meeting rooms used by UWL, Western, and Gundersen Health System. It is also home to the Student Health Center, which serves both UWL and Western students.

Legal Aid Service

The Student Association annually contracts with local attorneys to help students who need legal advice. By contacting Student Life, 608.785.8062, you can make an appointment to see an attorney on campus. All information between attorney and student is kept confidential. It should be noted that legal service is limited to advice, not court appearances. For further information contact Student Life, 149 Graff Main Hall.

Murphy Library

Murphy Library is the campus center for academic inquiry. The library provides access to a vast and diverse collection of electronic and print resources, facilities designed to accommodate in a flexible manner a variety of learning needs, and technologies that complement and enhance the acquisition, synthesis, and use of information.

The library building offers open, welcoming spaces for study and collaboration as well as quiet space, individual study carrels, group study rooms, and a café. The book and microform collections are complemented by map collections, the preK-12 Curriculum Center, leisure reading materials, and a media area. Our multimedia collections consists of streaming video as well as physical audio-visual materials located on the main floor of the library. The library is also a selective depository for state and federal government documents. The Special Collections/Area Research Center contains university archives, rare books, oral history interviews, a photographic collection of approximately 170,000 images, books on Wisconsin history, and is a regional depository of over 900 linear feet of manuscripts and public records for the Wisconsin Historical Society. Murphy Library houses the campus’s largest General Computer Access lab. Laptops, iPads, video cameras, and other technology tools are available for checkout. Wireless access is available throughout the library, and adaptive technology is also provided.

The collections includes well over 100,000 full text journals, magazines, and newspapers available electronically. Over 250 scholarly databases are available to library users, on a vast variety of subjects. The library’s systems help users discover full text availability from various databases, Google Scholar, Murphy Library, and UW System-wide collections. In appreciation of the diverse research available to our users, a LibX toolbar enables users to link back to Murphy Library resources and services from anywhere on the web. Our growing collection of electronic books currently numbers tens of thousands of volumes. Electronic library materials are available campus-wide, and in most cases, off-campus as well.
Murphy Library is rich in international and multicultural materials, supporting campus diversity and inclusivity by providing books, multimedia collections, and electronic resources that represent a broad spectrum of groups, cultures, and viewpoints.

All of these materials can be located using Search@UW, our integrated search system linking print materials, full text electronic materials, and request forms into a single interface. Search@UW also allows users to find materials in local and regional catalogs along with resources for finding materials held in libraries worldwide. By cooperative agreement, students may use the libraries of Viterbo University, Western Wisconsin Technical College, the La Crosse Public Library, and area medical centers. A service called Universal Borrowing allows UWL faculty, staff, and students access to millions of items throughout the University of Wisconsin system, and the Interlibrary Loan service provides access to additional materials throughout the world.

Librarians can help students find the quality information they need. They can also teach how to find relevant and appropriate information resources and to use the services of the entire library. Librarians are available at the research assistance desk, by phone, email, chat, text, or during individual consultation appointments.

For more information, please visit Murphy Library (http://www.uwlax.edu/murphylibrary).

Mississippi Valley Archaeology Center (MVAC)
Archaeology Center and Laboratories Building
608.785.8464
mvac@uwlax.edu

MVAC is an archaeological research, preservation and public education unit of the Department of Archaeology and Anthropology that conducts excavations, surveys, pre-collegiate education, and public programs. MVAC preserves sites and collections and works with archaeologists in the Archaeology/Anthropology Department to provide opportunities for student participation in archaeological research and pre-professional training and experience. The archaeology laboratory is a location for much course-related student research and contains space to curate artifacts recovered from field projects. Field studies are conducted regularly to learn about the prehistoric and early historic cultures of the upper Mississippi River Valley. The MVAC website contains much information on the archaeology of the upper Mississippi River and the public events and activities that MVAC sponsors.

Multicultural Student Services
1101 Centennial Hall
608.785.8225
www.uwlax.edu/multicultural-student-services

In connection with the University of Wisconsin-La Crosse Mission (http://catalog.uwlax.edu/undergraduate/aboutuwla/missions) and the Division for Diversity and Inclusion, the Office of Multicultural Student Services promotes academic excellence, leadership, and the personal/social development of African American, American Indian, Hispanic/Latino(a), Asian American, and biracial or multi-ethnic students at UWL. Our goal is to assist students to succeed academically, to enhance their sense of belonging, and to graduate from the university better prepared to contribute to their communities and the society at large.

Areas of service and outreach include: Academic Success Institute (summer bridge program); transfer student advisement, leadership development and advising for multicultural student organizations; academic and financial aid retention; peer tutoring; personal guidance, support and advocacy for students; cultural, educational, and social programming; and year-round pre-college mentoring and tutoring programs. OMSS models inclusive excellence and supports collaborative campus and community efforts that promote equity, access, human understanding, shared values, and respect for individual differences.

The Academic Success Institute (ASI)

ASI is a bridge program designed to help first year multicultural and disadvantaged students adjust to a rigorous college routine during the summer before the regular academic year begins. Between 20 and 25 students are enrolled for six weeks of intensive instruction in college level courses and related college experiences.

Students interested in attending the Academic Success Institute must have a need for academic support to successfully complete a college education and must identify as being from one or more of the following groups:

1. First generation college student (neither parent earned a bachelor's degree);
2. Historically underrepresented populations (African American, Native American, South-Asian American, and Latino/Hispanic);
3. Economically disadvantaged.

Submitting an application for admission to the University of Wisconsin-La Crosse is a requirement for participation. Students will also complete an ASI application and be interviewed prior to acceptance into the program. Applications for ASI are accepted until program capacity is reached. For additional questions, please contact the Office of Multicultural Student Services, 1101 Centennial Hall, 608.785.8225.

Planetarium
020 Cowley Hall
608.785.8669
www.uwlax.edu/planetarium

The Planetarium has served the university, area schools, private groups, and the general public since 1966. Several thousand people attend presentations at the Planetarium each school year. Bright stars and major constellations are pointed out in the simulated sky for school groups, private groups, and public programs. Each of these programs also includes a multimedia presentation on various subjects in astronomy and space science. There are monthly public programs at 1:00 pm on Saturdays in October, November, December, February, March, and April. Album Encounters are multimedia light and laser shows set to rock music. They are at 8:00 pm on Fridays when classes are in session. For information on programs, see the UW-La Crosse Planetarium (http://www.uwlax.edu/planetarium) or call 608.785.8669.

Records and Registration
117 Graff Main Hall
608.785.8576
www.uwlax.edu/records

Records/transcripts: Academic records are confidential between the student and the university. Students may request transcripts of their permanent academic records at any time, provided they are not financially encumbered to the university. Transcripts may be requested in person, online, or by writing to the Office of Records and Registration. Additional transcript information (http://www.uwlax.edu/Records/
Transcript-request-procedure) is available online. There is a fee for official transcripts. Transcripts will not be released without the student's authorizing signature. Under no circumstances will partial transcripts be issued.

**Registration:** The university has online registration via the WINGS Student Information System. Each student is assigned a registration time based on credits earned. The assigned time is listed on each student's WINGS Student Center. When planning a course schedule, students consult the online Timetable (http://www.uwlax.edu/Records/registration) which contains the schedule of classes for the current and next term(s). Complete instructions for registration (http://www.uwlax.edu/Records/registration) and later schedule changes (http://www.uwlax.edu/Records/Forms) (dropping/adding after the term has started) can be found on the Records and Registration website.

Registration for spring semester and winter intersession begins in November, summer registration begins in mid-April, and fall registration follows a week later. Students register at an assigned time or any time after that through the tenth day of classes unless enrollment limits have been met. Classes shorter than the traditional full semester length offered during a semester or during an intersession have drop/add schedules that reflect deadlines pro-rated from a full semester based on the length of the class. New first year students register in the summer at special registration sessions. Some departments require advising prior to registration. New students (including transfers) must pay a deposit before registration. Continuing students must have a zero balance on their account. The registration system will not permit a student to enroll in a class for which a prerequisite has not been completed. Registration is closed at the end of the second week of classes in a semester and after one week in a summer session.

If the university's enrollment management plan will permit registering additional students, late registrants for a semester or summer session will be accepted and enrolled under normal late registration policies and procedures.

**Residence Life**

Eagle Hall  
608.785.8075  
www.uwlax.edu/reslife

The Office of Residence Life team mission statement reads, "The University of Wisconsin-La Crosse Residence Life Program is an integral component of the University's educational mission. We provide reasonably priced and well maintained living/learning environments which are designed to foster learning, community, personal growth, responsibility, respect, leadership, and citizenship."

Over one-third of the undergraduate students enrolled in the university reside in one of the eleven residence halls with a total occupancy of 3,200 including two new residence halls which provide apartment and suite style living for 880 students.

Residence halls are group living and learning centers financed and maintained solely by revenue from residents. Several living/learning arrangements are offered to meet individual needs: an upper-class hall, first-year experience halls, gender inclusive housing, and specialized living/learning communities exist in our newest residence halls. All halls are co-ed and smoke-free.

Halls are equipped with big screen color TVs, study areas, kitchens, computer rooms, laundry rooms, vending machines, a front desk operation, and games such as ping-pong, pool, and foosball. All student rooms have hard wired internet connection, one port per resident, and wireless connectivity throughout the hall.

Recreation, social, personal development, intramural sports, and diversity programs are some of the activities planned by residents of each hall with guidance and support from residence life staff members. Students are encouraged to assume leadership roles and take an active part of their living community via hall council or the Residence Hall Association (RHAC).

Entering students, after paying the $75 housing deposit, may indicate a living arrangement, specific hall, and/or roommate preference when you complete the online housing application. Priority for housing and meeting specific requests is based on the date of your housing application. In addition, a web-based roommate finder program is available.

Specific housing regulations are communicated to all residents through our polices and procedures (https://www.uwlax.edu/reslife/orl-resources/policies-procedures) and the student handbook, Eagle Eye (https://www.uwlax.edu/student-life/student-resources/student-handbook). These regulations are consistent with the conduct code referred to in this catalog and have been formulated by the chancellor under the authorization and direction of the UW System Board of Regents.

Off-campus living opportunities (https://www.uwlax.edu/student-association/off-campus-housing) are also available. Rental agreements are between students and their respective landlords. The university does not inspect or approve off-campus housing.

**River Studies Center**

105E Graff Main Hall  
608.785.6970  
www.uwlax.edu/river-studies-center

The River Studies Center, created in 1972, is a non-curricular unit established to focus on research and informational programs pertinent to the Upper Mississippi River and its related resources. During the past 45 years, the Center has expanded its research program to other aquatic resources, including rivers, streams, lakes, and wetlands across Wisconsin, the Upper Midwest, and the nation. The Center has extensive interdisciplinary collaborative partnerships with several state and federal agencies and with other universities, including the U.S. Geological Survey, the Wisconsin Department of Natural Resources, the Minnesota Pollution Control Agency, the National Park Service, the University of Wisconsin-Madison, and the U.S. Environmental Protection Agency. The research of Center faculty addresses resource issues and environmental problems of pressing regional and national concern, such as environmental pollutants and contaminants that have caused widespread degradation of our aquatic resources. Faculty affiliated with the Center are highly competitive and successful in securing financial support for sustained aquatic environmental research. Scholarly investigations by the Center have provided research opportunities to nearly 100 graduate students and more than 250 undergraduates.

**Small Business Development Center (SBDC)**

120 Wimberly Hall  
608.785.8782  
www.uwlax.edu/sbdc

The SBDC helps business owners start and grow their businesses through research, on-site programs, advising and educational
programming. As one of Wisconsin’s Small Business Development Centers, the SBDC taps statewide resources to help business managers solve business challenges. It provides businesses with information and guidance in starting, maintaining, and expanding a small business including innovative, high potential businesses. Funding from the Small Business Administration supports the counseling.

Case studies sometimes are conducted by advanced students under faculty supervision.

In partnership with UW-Extension, the SBDC provides non-credit continuing education programs for business people in a seven-county region. Topics include business plan development, marketing, sales, finance, human resources, and other small business concerns. The Supervisory Management Certificate Program provides practical training for both new and experienced managers. In addition, the SBDC provides speakers, programs, and trainers to individual firms and groups.

Some research, such as feasibility and impact studies, is conducted for area businesses. Local economic data is accessed through the SBDC website.

**Student Health Center**
1st Floor, Health Science Center
608.785.8558
www.uwlax.edu/student-health-center

The Student Health Center, a member of the American College Health Association, provides medical, nursing, and physical therapy services in the form of outpatient and urgent care as well as prevention of illness or injury. The staff consists of Board Certified physicians, certified nurse practitioners, registered nurses, physical therapists who are also certified athletic trainers, physical therapist assistants, medical lab technologists, health information managers, and office staff. The Health Center staff members are experienced in working with the health care needs of college students and are dedicated to providing high quality care.

Services are available to students who are registered for credits each semester. The student health fee is automatically included in the student fee statement. There are user fees for services such as laboratory, immunizations, x-ray, minor procedures, and physical therapy (https://www.uwlax.edu/student-health-center/fees--costs/).

Students are not required to have insurance to receive care at the Health Center. Payment of student fees covers this cost. However, students are strongly encouraged to obtain supplemental hospital-accident insurance to cover such expenses as hospitalization, emergency services, specialist care, pharmacy, and ambulance transport. The student health fee does not cover these costs. If coverage is available through a family plan, students are urged to have the name of the insurance carrier and policy/subscriber numbers available on campus.

All information in a student’s health record is entirely confidential and is not released to anyone without the student’s written consent. Students may schedule an appointment to review their medical records.

Students can be seen at the Health Center by scheduled appointments, same day appointments, and urgent clinic. Appointments are available weekdays when school is in session from 8 a.m. - 4 p.m. on Monday, Wednesday, Thursday, and Friday; and 9 a.m. - 4 p.m. Tuesday. Limited appointments are available one evening/week. Students who need emergency medical care when the Health Center is closed should go to the emergency department or walk-in clinic of either of the La Crosse hospitals.

**Student Life**
149 Graff Main Hall
608.785.8062
www.uwlax.edu/student-life

Student Life staff serve as advocates to promote the interest of students within the university. Their goal is to facilitate student success by maximizing the use of the services available and to intervene on students’ behalf when requested and appropriate. Staff are prepared to address the following issues:

- advising and referral of students who experience personal crises
- investigation of student complaints (ombuds role)
- advocacy and advisement for returning adult students (non-traditional aged)

Student Life is also designated with the responsibility of enforcing the various conduct codes on campus, which can be found in the Eagle Eye. If you experience harassment, discrimination, assault (physical or sexual), or have questions regarding your rights and responsibilities, visit Student Life for confidential advice and guidance.

In addition, the staff provides mediation services to students who may experience interpersonal conflict(s) and are interested in working toward resolution.

**Student Life/Violence Prevention**
149 Graff Main Hall
608.785.8062
www.uwlax.edu/violence-prevention

UWL recognizes that violence in any form interferes with the work and learning taking place in our community. Often, someone who experiences a sexual assault, stalking, or violence or abuse in a relationship, may find that they have difficulty focusing on work or on their studies. Violence Prevention is here to assist with advocacy, information, and support, so that you can make informed choices about the options available to you in these situations. Services are free, confidential, and available to all UWL students, faculty, and/or staff members.

In addition to advocacy, the Violence Prevention Specialist is available to provide education and training on campus. Contact us to learn more or to schedule a classroom presentation or training session.

**Student Life/Wellness Resource Center**
Wellness Resource Center
149 Graff Main Hall
608.785.8977
www.uwlax.edu/wellness

The mission of the Wellness Resource Center is to empower students and staff by providing them with the knowledge and tools necessary to lead a healthy, balanced lifestyle. People have a natural impulse for health and an innate wisdom about what is best for them. The Wellness Resource Center’s job is to help minimize or remove the barriers that interfere with that impulse and cultivate an environment in which the potential for health flourishes.

The Wellness Resource Center is committed to the UWL campus community. By guiding their behaviors, we allow for a more holistic, balanced lifestyle where students, staff, and faculty are able to achieve their full potential.
Student Support Services
2131 Centennial Hall
608.785.8535
www.uwlax.edu/student-support-services

Student Support Services (SSS) is a federally funded TRIO program that has been at the university since 1978. Each year, the program provides services to 350 students who meet federal eligibility requirements. A student must meet one of the following criteria to be considered eligible for services:

1. First generation college student (neither parent graduated from a four-year college or university);
2. Receive a substantial amount of financial aid;
3. Have a documented diagnosed physical and/or learning disability.

Services provided through the program include: individualized professional academic, personal, financial, and career advising and peer coaching; professional and peer tutoring in a variety of topics including math, English, and science. In addition, SSS provides workshops in an array of topics including but not limited to study skills improvement, the study abroad process, and applying for scholarship.

Tutoring Services
Murphy Learning Center
256 Murphy Library
www.uwlax.edu/murphy-learning-center
www.uwlax.edu/tutoring/

The Murphy Learning Center

The Murphy Learning Center is a place where all UW-La Crosse students can receive free tutoring services in a variety of general education courses. The Murphy Learning Center is located in 256 Murphy Library and is mainly staffed by peer tutors. Tutoring is available for Mathematics, Writing, Biology, Chemistry, Earth Science/Geography, Microbiology, Physics, Accountancy, Economics, Public Speaking and Psychology. Tutors can assist with homework, preparation for quizzes or tests, learning vocabulary, and special projects as well as gaining an understanding of the general concepts. Hours vary depending on the subject, therefore the tutoring schedule (http://www.uwlax.edu/tutoring) is posted online. Visit the Murphy Learning Center (http://www.uwlax.edu/murphy-learning-center) for more details.

Mathematics: Mathematics and Statistics tutors are available in the Murphy Learning Center. In addition, the Mathematics and Statistics Department keeps a list of private tutors available in the department office, 1020 Cowley Hall.

Writing: The Writing Center is housed within the Murphy Learning Center. The center is open at no cost to all students who seek help with their writing in any class. Students may be referred to the center by their professors, but many students come to the center on their own. Students should make appointments to be tutored, but drop-ins are welcome if tutors are available.

Writing Center (https://www.uwlax.edu/murphy-learning-center/subject/writing-center) staff assist students at any stage of the composing process: understanding an assignment, finding a topic, identifying an audience, developing materials, planning and organizing, writing a rough draft, and revising. The staff does not proofread student papers. Visit the Writing Center for more information.

Upward Bound
176 Murphy Library Resource Center
608.785.8539
www.uwlax.edu/upward-bound

Upward Bound is a federally funded program for low income and/or first generation college bound high school students. It is funded under Title IV of the Higher Education Act of 1965 and is one of the TRIO programs created by Congress to help students overcome educational, social, cultural, and financial barriers to higher education. Services include weekly tutoring and advising, monthly Saturday activities, college visits, career exploration, and a six-week summer residential program. Funded at UWL since 1979, the program serves eligible students from La Crosse and Monroe counties.

UW-Credit Union
First floor, Student Union
608.232.5000, Ext. #3100
https://www.uwcu.org/

Since UW Credit Union’s founding more than 85 years ago, making banking easy for students and faculty has been our mission. With us, students get access to the latest technology and friendly service whenever they need it. Enjoy surcharge-free ATMs plus convenient services like our app and mobile wallet options in addition to affordable loans. Our on-campus branch is located on the first floor of the Student Union next to the Eagle ID office. Hours: Monday - Friday, 9 a.m. to 5 p.m. Or visit us online at uwcu.org (https://www.uwcu.org). Federally Insured by NCUA.

Veterans Educational Benefits
116 Graff Main Hall
608.785.8751
www.uwlax.edu/veteran-services

The Veterans Educational Benefits office is a resource to help facilitate the transition from the military to university life. They assist students in applying for and receiving their federal and state veteran educational benefits and understanding how those benefits are best used at UW-La Crosse. For more information, visit Veterans Educational Benefits (http://www.uwlax.edu/veteran-services).
