<b>Total Credits</b>		<b>18</b>

In addition to the 18 credits required above, students are required to either have an international experience of three weeks or more in length (e.g., study abroad) or take eight credits in world language (one year in the same language). This is waived for students whose native language is not English. The international experience must be pre-approved by the College of Business Administration International Business Advisory Committee. Students should apply for approval at least one semester before the planned experience. The advisory committee will determine the credit value of the experience. For non-U.S. based students, this requirement is met through the satisfactory completion of all required course work.

A maximum of six credits can be applied to a student's College of Business Administration major.
