Universities of Wisconsin guaranteed transfer admission

Universities of Wisconsin students who intend to continue their undergraduate education at the University of Wisconsin-La Crosse will be guaranteed admission provided they meet the following criteria:

1. Submit a Universities of Wisconsin application to the UWL Admissions Office.
2. Start college as a first year at a Universities of Wisconsin campus.
3. Earn a minimum of 24 transferable degree credits.
4. Be in good standing and earn a minimum 2.00 cumulative grade point average.

The Guaranteed Transfer Agreement Program guarantees admission to the institution and does not assure admission to specific degree programs. Transfer students must meet the same criteria (i.e., grade point average, course requirements, etc.) for admission to specific majors or programs as continuing UW students.

Academic advising and registration

After being admitted to the university, the Admissions Office will evaluate the courses taken to determine the number of credits that will be granted in transfer. This will be used to determine classification as first year, sophomore, junior, or senior. Information will be sent regarding registration and academic advising in April for those students admitted to the summer or fall semester and in November for those students admitted to the winter term or spring semester. In preparing to register, transfer students are encouraged to contact the academic advisor/academic services director for the assigned college or school. College or school assignments are noted in the letter of admission. In the process of academic advising, should a student disagree with how a course(s) transfers or how a course(s) applies toward a program of study, a transfer re-evaluation request may be made. Consult with the academic services director of the college or school in which the student is enrolled. If the student is undecided about a major, the student may talk to an advisor in the Academic Advising Center.

Undergraduate credit for prior learning policies

UW-La Crosse appreciates and values students’ learning experiences outside of the confines of UW-L’s sponsored credit instruction and uses a student-centered approach to recognize, evaluate, and award credit for that knowledge. Students may be awarded credit for their university-level learning through a variety of ways including but not limited to transfer coursework, credit by national exam, military experience and training, industry-certified and assessed credentials or licensures, and UW administered prior learning assessments. These methods of gaining credit for prior learning (CPL) foster educational attainment and can shorten time to degree or credential completion.

The University of Wisconsin-La Crosse has established a undergraduate credit for prior learning policy (http://catalog.uwlax.edu/undergraduate/academicpolicies/creditforpriorlearning/) to recognize, evaluate and award credit for learning outside of UW-L.
Taking a non-UWL course while at UWL

If a student is currently enrolled at UWL and intends to take course work elsewhere either in a summer term or during an academic year, the student should review the recommended steps (https://www.uwlax.edu/records/student-resources/taking-a-non-uwl-class/) before registering for the desired class. The student should complete an "Off-Campus Course Evaluation Form," which is used to evaluate the course for transferability before taking the course.

Students planning to transfer UWL credits to other universities should check with the receiving institution regarding the transferability of credit.
