

Degree Requirements - Undergraduate

- Undergraduate program lengths (p. 1)
- Baccalaureate degree requirements (p. 1)
 - Second baccalaureate degree policy (p. 1)
 - Second major or minor policy (p. 1)
- Associate of Arts degree requirements (p. 1)
- B.A. or B.S. in general studies (p. 6)
- Special degrees (p. 6)

Undergraduate program lengths

The University of Wisconsin-La Crosse's baccalaureate degrees (Bachelor of Arts or Bachelor of Science) are typically four-year programs (120 credit minimum). The associate degree program (Associate of Arts) is typically a two-year program (60 credit minimum).

Baccalaureate degree requirements

Candidates for the Bachelor of Arts or the Bachelor of Science degrees must accomplish the following:

1. Fulfill the general education requirements.
2. Complete at least one ethnic studies (diversity) course.
3. Complete the courses prescribed by the Undergraduate Curriculum Committee for the degree desired in the respective school or college.
4. Earn a minimum of 120 semester credits with at least a 2.00 cumulative GPA.^{1,2}
5. At least 40 credits must be earned in 300/400 level courses. Transfer courses earned or transferred at the 300/400 level apply to this requirement.
6. Complete major and minor requirements with at least a 2.00 GPA^{1,2} in each major and minor (and concentration or emphasis, if selected).
7. A minimum of 30 semester credits in residence at UWL is required for graduation. (See undergraduate resident requirement (<http://catalog.uwlax.edu/undergraduate/academicpolicies/graduation/#undergraduate-residence-requirement>)).
8. Submit an application for graduation via the "Apply for Graduation" link in the WINGS Student Center as soon as the student has registered for his or her final semester or summer term in residence. December and winter intersession graduates should apply by May 1. May and summer graduates should apply by December 1.

¹ Grade point average requirements for some programs will be considerably higher than 2.00. Re-entering students may be required to earn credits in excess of the 120 needed for graduation in any curriculum in order to replace credits earned in courses in which the content has changed substantially in recent years. Each case will be judged on its own merit.

² The grade point average recorded at the time the degree is awarded will not be affected by future enrollment.

No degree will be awarded unless all requirements are fulfilled and recorded within 30 days after the official ending date of each term.

Second baccalaureate degree policy

A graduate who has earned one baccalaureate degree at UWL and who subsequently becomes a candidate for a second baccalaureate degree must meet all core, professional, and major requirements for the second degree and must earn at least 30 resident credits² beyond the first degree. Students with a previously earned baccalaureate degree from another regionally accredited institution must meet all core, professional, and major requirements for the second degree and must earn at least 30 resident credits beyond the first degree. Students wishing to use credits from their first degree to fulfill requirements of a second degree must obtain approval from the dean of the college in which they are enrolled. All general education requirements are satisfied by students who have completed the first baccalaureate degree. UW System policy requires that every student complete an ethnic studies course. If this was not done as part of the first degree, it must be fulfilled for the second degree.

Students cannot earn a second baccalaureate degree in the same major (different emphasis) as their first baccalaureate degree.

² Resident credit means credit registered for and earned through UWL.

Second major or minor policy

A graduate who has earned one baccalaureate degree at UWL, who wishes to complete the requirements for another major and/or minor, must meet all professional and major/minor requirements. A notation will be made on the student's transcript that an additional major/minor has been completed. Students with demonstrated evidence of a previously earned baccalaureate degree from another regionally accredited institution, who wish to complete the requirements for another major/minor at UWL, must enroll as a special non-degree student and fulfill all professional and major/minor requirements. If all required courses are earned in residence, a notation will be made on the student's transcript indicating an additional major/minor has been completed.

Associate of Arts degree requirements

Candidates for the Associate of Arts degree must complete the following:

1. Earn a total of 60 or more semester credits applicable to a bachelor's degree at UWL. At least 15 credits must be earned at UWL.
2. Achieve a 2.00 cumulative grade point average.
3. Students must earn a minimum of 42 credits of general education courses.
4. New students, and transfer students with 15 or fewer credits earned, must take a first-year seminar course (FYS 100) during one of their first two semesters at UWL.
5. Complete a minimum of 13 credits in general education skills courses. See "Skills" section below.
6. Complete a minimum of 26 credits of general education liberal studies courses. See "Liberal Studies" section below.
7. Complete one two-semester sequence of courses.
8. File an application for the associate degree (<https://www.uwlax.edu/records/forms/#tm-16080>) with the Office of Records and Registration and pay the application fee.

First-Year Seminar

This course meets the UW System shared learning goal of "Individual, Social and Environmental Responsibility."

(Must be completed in the student's first two semesters at UWL.)

Code	Title	Credits
FYS 100	First-Year Seminar	3

Skills

Proficiency tests are available in skills courses. Contact appropriate department for information.

Literacy: Tools for skilled communication

All courses in this category meet the UW System shared learning goal of "Effective Communication."

(Six credits required)

Code	Title	Credits
ENG 110	College Writing	3
or ENG 112	College Writing AP (Advanced Placement)	
CST 110	Communicating Effectively	3

Students receiving a grade lower than a "C" in ENG 110 or ENG 112 and CST 110 must repeat the course.

Mathematical/logical systems and modern languages: Tools for structured analysis and communication

All courses in this category meet the UW System shared learning goal of "Critical and Creative Thinking Skills." The mathematics courses also meet the UW System shared learning goal of "Knowledge of the Natural World," and the language courses also meet the UW System shared learning goal of "Intercultural Knowledge and Competence."

(Minimum of seven credits required; minimum of four credits must be taken from the mathematics section below.)

Code	Title	Credits

Bachelor of Arts or Bachelor of Science in general studies

The General Studies Program allows students to complete a UWL Bachelor of Arts or Bachelor of Science degree through the College of Arts, Social Sciences, and Humanities (CASSH). It is designed for students who are advanced in their credits and in need of an efficient way to complete a bachelor's degree without a disciplinary focus. The general studies major is only available to students who have been accepted to this program and is not recommended for most UWL students.

Admission

Eligibility to apply

Students can apply for admittance to the University of Wisconsin-La Crosse General Studies Program if they are:

- A current or former UWL student and
 - have earned at least 90 undergraduate credits accepted at UWL;
 - have never received a bachelor's or higher degree from any institution, including UWL;
 - are current UWL students with a declared major in any UWL school/college (CBA, CASSH, CSH, or SOE) or are former UWL students who left without completing a degree, and have not subsequently earned a bachelor's or higher degree at another institution. Former UWL students must complete and submit the UW System application as a reentry student.

Application process

A student from any UWL college/school interested in the General Studies Program must complete an application and correspond with the Academic Services Director (ASD) of the College of Arts, Social Sciences, & Humanities (CASSH), who will consult with the student's advisor, the ASD of the school/college of the student (if not CASSH), and may consult with other applicable unit(s). If the ASD denies the application, the student may appeal to the Dean of CASSH. The Dean's decision is final.

Candidates will be admitted for a Bachelor of Arts (B.A.) in general studies if their general education credits more appropriately align with the B.A. requirements of the college or a Bachelor of Science (B.S.) in general studies if their credits more appropriately align with the B.S. requirements of the college.

Requirements

To complete the General Studies Program, students

- must be admitted through the general studies application process as noted above;
- must complete all UWL requirements for a UWL bachelor's degree, including but not limited to:
 - general education requirements,
 - at least one ethnic studies (diversity) course,
 - at least 40 credits earned in 300/400-level courses. Transfer courses earned or transferred at the 300/400-level apply to this requirement.
 - 120 earned semester credits,
 - 2.0 minimum UWL cumulative GPA,
 - 2.0 minimum UWL GPA in major and/or minor,
 - at least 30 semester credits in residence at UWL,

- the last 24 credits to be applied toward a degree must be earned as resident credits. Resident credit means credit registered for and earned through UWL. The CASSH academic dean may give permission for seniors to earn not more than the last ten credits at another institution.
- are encouraged to complete a minor or certificate if possible.

Students accepted into the program are exempt from college core requirements.

Re-entry into program

If a student in this program leaves UWL and re-enters under a new catalog year, they must be readmitted to the General Studies Program before they can finish it.

Special degrees

The awarding of a baccalaureate degree is the pinnacle of the undergraduate college experience. Occasionally events take place where the need to consider additional degree options arises in order to honor those who have provided exemplary service to the university or to extend sympathy and compassion to the families and friends of deceased students near completion of their degrees. UWL has policies for awarding honorary, extraordinary, and posthumous degrees in recognition of these exceptional situations.

See the special baccalaureate degrees full policy (http://catalog.uwlax.edu/undergraduate/degreerequirements/Special_Degree_Options_Policy.pdf) for UWL's specific procedures.
