

# Identifying Diversity Microcredential

This microcredential emphasizes the knowledge, skills and approaches that are necessary and useful for actively seeking out and identifying knowledge of social groups. Students will have opportunities to explore the membership of others in various social categories, develop self-awareness of their own social category membership, and identify the impacts that immersion in one's own social category has on one's perspective of others.

## Microcredential requirements

(College of Business Administration, open only to degree-seeking UWL students)

6 credits
